OFFICE OF LEGISLATIVE COUNSEL

Friday - 3 August 1962

25X1 1. [] Delivered to James Boyd, Administrative Assistant to Senator Thomas J. Dodd, a letter from Mr. Elder acknowledging receipt of the Senator's personal and confidential note to the Director concerning British Guiana and indicating the Director had seen the letter and would be in touch with the Senator on his return. 25X1

[]

25X1 2. [] Met with Frank Schapp and Marian Czarnecki, of the House Foreign Affairs Committee staff, and left with them ONE's paper entitled "Trends and Prospects in Soviet Petroleum Exports to the Free World." I pointed out at the outset that the bulk of the information contained in this paper was taken from open sources (as I originally indicated to Czarnecki), however, there was some sensitive information in it and thus the Confidential classification. On a quick look, Czarnecki said the paper appeared to be about the same as the one prepared by Leon Herman, Library of Congress, for Senator Keating, however, he appreciated the material. I also gave them several press items concerning []. Czarnecki 25X1 was even less enthusiastic about these saying he thought they had all of them and hoped we would provide some information on [] newspaper, his 25X1 employees and his pay roll. However, he said he would not press further on this. Schapp was somewhat more courteous and said he thought the information we provided would be helpful to them.

25X1 3. [] Called the office of Representative Owen Harris and advised his secretary that it appeared the subject we wished to discuss with Mr. Harris had been taken care of and, therefore, there would be no need for us to see him unless he had some question. His secretary said she would so advise Mr. Harris.
